Reducing tension
Increasing body awareness.

Technology

USB Charging port
Bluetooth Speaker for Music
Precise Body Scanning
Max Massage Time: 30 Minutes
Wall Hugging / Space Saving

Controller

Wired Touch-Screen Control

8 Automatic

Easy to use automatic massage modes allow you to enjoy a massage instantly at the press of a button. With the timer you can make the massage last as long as 30 minutes.

Custom Programs

Create your own custom program, choose the parts of your body that needs the most attention and the chair will create a brand new massage program just for you.

SL-Track System

The brand new, long SL-track conforms to your spine and glides from your neck down to your glutes, providing top to bottom back coverage.

Body Scan Technology

Using the data that the body scan gains along with the Smart Curve technology, the massage rollers are precisely placed for a perfect massage every time.

Air Compression Massage

42 multi-layered airbags. These are expertly placed throughout the massage chair to perform a full body massage. Advanced compression system helps to reduce inflammation, helps you relax, speeds up muscle recovery

Rhythmic Seat Massage

Therapeutic vibrations to improve muscle performance and calm your nervous system. Placed at the base of the seat so you can feel fine vibrations through your core.

Zero Gravity Position

Recline back and you'll experience reduced pressure from head to toe, in this relaxed position your body is more receptive to massage. This is the best position to improve circulation and reduce swelling in your legs.

Seat Adjustment

Manual Foot & Calf Adjustment
Quick Access Buttons Embedded in Armrest
One Touch Zero Gravity Position
One Touch Lie-Flat & Home Restore Button
Adjust backrest
Adjust footrest

Specifications

Dimensions (L x W x H): 60.2"x30.3"x46.1"
Full Recline (L x W x H): 72.8"x30.3"x34.6"
Power Voltage: 110 -120V
Rated Frequency: 60Hz
Weight Capacity: 320 LBS
Power Consumption: 165W
Power of Speakers: 14W (2 Sides)
Power Supply Wiring Length: 70.9"
Controller Wiring: 27.6"
Gross Weight: 269 LBS
Net Weight: 223 LBS
Usage Condition: Environmental
Temperature: 50'f – 104'f
Storage Temperature: 68'f – 140'f

Safety

Equipped with Overheating
Power Surge Detector
