**RE: Decorium Covid-19 Return**

The world is different today than it was a few months ago. The way we shop at grocery stores is different. Whether we cook at home or order take out, our meals have been different. We hope that this letter finds you, your family, your friends, and your business well.

At Decorium, we have adjusted and made sacrifices over the past few weeks to secure our position as an industry leader. Decorium remains committed to helping our clients transition to the “new normal”, whatever the “new normal” looks like. The furniture landscape looks a bit different today than it did three months ago. Whether it be retailers, manufacturers, or even sales reps, our industry and world has been changed.

Decorium has seen many recessions, changes to economy, and health issues but one thing remains; we have always survived and risen to each new challenge and faced them head on. As retail can now re-open May 19th we have undergone measures to ensure the safety of our clients and staff.

In times like this, it is important to know who you can depend on to dig in, dig deep, and work side by side with you to help get your home or your clients project back on track. Our world and industry may look different, but our commitment to quality, customer service, and value has not wavered. We are committed to help you create beautiful homes one room at a time.

We look forward to seeing you soon. Please be sure to check our modified showroom hours online. Continue to be safe and healthy and we look forward to connecting with you soon instore or online.

Thank you,

The Decorium Family
